Hi First Name,

Thought I would drop you a note to tell you how glad we are to have Stormie in our class. She works hard and follows instructions very well. You should be very proud of her.

Every Once in a while, I sit around thinking of people and things I am grateful for. Today, you came to mind. Both for your business and for the referrals you have provide me.

Rather than not saying anything, I thought I would drop you this note saying how thankful I am for You. THANKS!

How would a card
like this work for
some of your
loyal customers?

I just can't
THANK YOU
Enough!
